Cancellation and Missed Appointment Policy

We require a **24-hour** notice for appointment cancellations. As a courtesy to our patients, we have an outreach call informing you of your scheduled appointment 2-4 days before the appointment. You may be charged \$25.00 if you miss your scheduled appointment and have not called 24 hours ahead to cancel.

If you are **15 minutes** late for your scheduled appointment it is considered a missed appointment and WILL be rescheduled. In addition, if a patient or family misses 3 appointments, within a 12-month period, you may be asked to find another health care physician/practice. Please be aware, we do not differentiate by which Guardian schedules the appointment.

I have read and understand my consent for Medical Care By Proxy for Pediatric Care, Medical Treatment and Cancellation Policy.
